

## Lawncare Fertilizing Program

Our lawncare program consists of 5 steps, each designed to provide optimal health of the turf throughout the entire year.

<u>1st</u> Early Spring	<u>2nd</u> Late Spring	<u>3rd</u> Summer	<u>4th</u> Fall	<u>5th</u> Winter
Fertilizer & Crabgrass Preventer	Fertilizer & Crabgrass Preventer	Fertilizer & Season-long Grub Control	Recovery Fertilizer	Root Feeding
Feb-Mar	Apr-May	June-July	Sept-Oct	Dec-Jan
Each application is applied at 4lbs/1,000 sq. ft. — Program starts at \$63 - prices vary based on customer's sq. ft. — One 50lb bag covers 12,500 sq. ft.				

## Consultation & Soil Test

We offer lawn consultations and soil tests. Both are important to develop a strategic plan for improving the health and performance of the lawn.

\$35	\$40	\$75
<b>Customer DIY</b>	<b>Grass Roots (no soil test)</b>	<b>Grass Roots (w/soil test)</b>
Customer will provide: - soil sample* - lawn measurement	Grass Roots will provide: - lawn measurement - weed load evaluation - lawn consultation	Grass Roots will provide: - soil sample* - lawn measurement - weed load evaluation - lawn consultation
*Grass Roots will provide a personalized consultation based on soil sample results
